

From the Masthead

SOUTH BAY CRUISING CLUB

April 2022

FROM THE HELM

Fellow SBCC Members and Associates!

Spring is here! Most days, anyway. The warm sun on your face is quite welcome after a long winter, and the list of boat chores should be at it's maximum. This is the season to start crossing items off that list, and warm-ish sunny days like today are perfect for getting commissioning underway. I replaced a failed bilge pump last weekend and was able to eliminate a component in the bilge (an electronic "float" switch.) I assumed it would be a very simple job, because I was literally replacing an old Rule 1100 with a new Rule 1100. Ha! First, I discovered that the pump "footprint" was slightly larger than the old model, and oblate (instead of round.) So, I needed to find a new place for the pump, which was harder than you might think given the presence of my primary (and very large) bilge pump, the intake for my manual back-up bilge pump, and the assorted hoses. Luckily, I was able to find a very tight spot for the new pump, which I plumbed and wired up fairly quickly. The switch over-ride worked perfectly, the pump cycled on every 2 minutes — check and check! In all, the whole project, including the trip to West Marine to pick up the pump, took only about 3 hours. Off to a good start!

Hospitality - Spring Cocktail Party is Saturday April 9th at 1600 hours at the Bay Shore Yacht Club! There is still time to RSVP (by the 5th) if you have not yet found the time. We will have our first general meeting of the year, Jay will be handing out another amazing yearbook, and membership cards will be distributed. Please join us for the party!

Regatta - It's getting close to the start of the 2022 BSIR season. There's less than 2 months to go. Once again there will not be a Skipper's Meeting prior to the season, so sign-ups for Committee Boat Assignments are done via email sign-up sheet submitted to sailboatracing@gmail.com. In order for the BSIR to work, everyone who participates needs to contribute, so please return your selections by April 15. The most notable change to the 2022 BSIR season is that courses have been modified. The new course list and all the information you need in order to race will be distributed in the next several weeks and posted on the sbccracing.org website.

Programs – Please do not miss Eric Forsyth's 50 Years of Ocean Sailing presentation Sunday April 10th from 1:30 to 3:00 at the West Islip Library. He has compiled film and pictures into a movie that will surely entertain! 50 years of sailboat cruising, two circumnavigations, 27 Atlantic crossings, and unbelievable adventure. As always, Eric will provide all the details for anyone dreaming of bigger things.

Fleet – The One-Week Bay Cruise itinerary has been drafted and circulated, and cruise captain Jean Sidebottom will deliver a great cruise! Please contact her at Jeansidebottom@yahoo.com if you plan to join the fun. The Blast will be held at Vanderbilt's Wharf on the Connetquot River in Great River August 20. The One-Week Bay Cruise starts with a sail to Bellport Sunday August 21, then to Watch Hill on Monday and Tuesday, August 22-23, Sailors Haven Wednesday and Thursday August 24-25, and then a nice sail to Hemlock Cove Friday August 26 to get a good spot for the RV.

With that, I need to put on a heavy sweater, load up my tools, and head down to *Cambria* to try to shorten my list. Splash day will be here sooner than you think!

Regards,
Jeff

Jeffrey Frederick
SBCC Commodore
commodore@sbccsail.org

Upcoming Events

- *April 5th Deadline to RSVP for Spring Party*
- *April 6th—2021 Racing Awards Party, Seagull in West Babylon at 7:30*
- *April 9th—Spring Cocktail Party, BSYC from 1600-2000*
- *April 10th—Eric Forsyth presentation, West Islip Library at 1:30*
- *April 25th—Board of Governor's Meeting, East Islip Library at 7:30*

FROM THE FLEET CAPTAIN

Todd McCarthy

Thank you to all who attended the Officers Installation Dinner at The View. Your presence helped make it a very special night and your support was much appreciated. A good time was had by all. The View was a beautiful setting for this event with its ambiance and spectacular view of the Connetquot River.

Outgoing Commodore Charlie Margeson, passes the "torch" to our new Commodore Jeff Frederick, after having received some encouraging words from former Commodore (1990-91), Bob Sheppard.

Vice Commodore Scott Gesele, Fleet Captain Todd McCarthy, Regatta Captain Charlie Margeson, Commodore Jeff Frederick, Treasurer Rich Troy, Recording Secretary Wendy Gesele, and Rear Commodore Stephanie Pizer proudly display their flags!

Our outgoing and present Commodores say a few words to the attendees.

2022 Officer Installation Dinner

A good time was had by all!

FROM THE COMMODORE

Jeff Frederick

I would like to introduce and welcome our newest Board member, Kristine Schaefer. Kristine is one of our newest Club members having joined in 2021. She has a tremendous amount of enthusiasm for the Club and has expressed interest in becoming involved in Club activities. She will hold the position of Fleet Surgeon. She attended her first board meeting on March 28 and has already offered suggestions she would like to implement moving forward, such as first aid and CPR training. We look forward to what Kristine brings to the Club to enhance Club membership even further.

FROM THE REGATTA CAPTAIN**Charlie Margeson**

Great news! We have now finalized the date for our SBCC 2021 Regatta Racing Awards party!

After the last two years of Covid restrictions, we have decided to have a more casual arrangement this year for our Awards Party. There will be no entry charge for the party so captains can bring their friends and crew without the extra cost. It will be “buy your own” food and drink. There will be waitress service and they have a full menu of hors d’oeuvres, food and drinks to enjoy in the dining room.

Come out and celebrate last year’s race winners and let’s get ready for the upcoming racing season. We will also have copies of the 2022 racing schedule for you.

So mark your calendars and I look forward to seeing you all at the Seagull Restaurant on April 6th.

Let the 2022 season begin!

SBCC 2021 Racing Awards Party

Wednesday April 6th at 7:30 PM

Seagull Restaurant and Bar

301 Bergen Ave, West Babylon

BSIR RACING**Gary Sebouhian/Ted Drossos**

It’s getting close to the start of the 2022 BSIR season. There's less than two months to go.

Once again there will not be a Skipper’s Meeting prior to the season. In the past, the committee boat assignment sign-up sheet was available at the Skipper’s Meeting. Since there won't be a meeting this season, here is the procedure: Review the dates on the [2022 BSIR Committee Boat Assignment Signup Sheet](#). In a separate email, choose three dates and email your selections to sailboatracing@gmail.com. On a first-in basis you will be assigned to be committee boat based on one of the dates you selected. Should there be conflicts, they will be addressed individually. Any open dates will be assigned at random. If you raced last season and did not have a committee boat assignment or there was a cancellation, it is important that you choose a date or one will be assigned to you. In order for the BSIR to work, everyone who participates needs to contribute. Please return your selections by April 15.

Here is the 2022 BSIR schedule:

May 31 – August 16	19:00 (7:00 pm)
August 23 – September 13	18:30 (6:30 pm)
September 20 – October 11	18:00 (6:00 pm)

The most notable change to the 2022 BSIR season is that courses have been modified. The new course list and all the information you need in order to race will be distributed in the next several weeks and posted on the sbccracing.org website.

If you have made changes to your boat that might affect your handicap rating, please let us know as soon as possible so that it can be updated before the start of the season.

The **Starting Time Offset Spreadsheet** for the first series will be sent to everyone 1 – 2 weeks prior to the first race.

We're looking forward to another great season.

SPRING COCKTAIL PARTY**Scott and Wendy Gesele**

The 2022 season is revving up! Thank you Todd and Pam McCarthy for doing an outstanding job with last Friday's Installation of Officers Dinner. All who attended had a great time. The Hospitality Committee has been working hard planning our first Spring Party since 2019. We look forward to seeing everyone for an enjoyable early evening cocktail party on Saturday, April 9th, at Bay Shore Yacht Club. See the invitation below for more information. Continuing the transition to prepayment in order to eliminate the traditional door check-in, please RSVP by Tuesday, April 5th with prepayment either online using this link [Online RSVP](#) or by mailing a check to the address on the invitation. Don't forget to bring your wish list for SBCC merchandise. Glen Bernichon will have the Ship's Store open while Jay Pizer will be handing out yearbooks and Pam McCarthy will be handing out membership cards.

SOUTH BAY CRUISING CLUB

2022

SPRING COCKTAIL PARTY

SATURDAY, APRIL 9TH
1600-2000 Hours

BAY SHORE YACHT CLUB
20 West Shore Road, Bay Shore, NY

Appetizers
Delectable Desserts
Beer, Wine, Soda, Coffee & Tea

There will be a General Meeting at approximately 1800 hours
Yearbooks & membership cards will be distributed

\$30.00 per person donation (15 and under are free)
RSVP and pre-payment by Tuesday, April 5—no walk-ins
Online payment preferred: <https://sbccsail.org/home/purchase-items/club-parties/>
Or mail a check, received by 4/5, payable to South Bay Cruising Club
Scott Gesele | 47 Columbine Ave | Islip, NY 11751
email (preferred): sgesele@yahoo.com
Phone: 631-987-4595

Remember to bring your name tags!

FROM THE FLEET CAPTAIN

Todd McCarthy

The One-Week Bay Cruise Itinerary is ready! Jean Sidebottom will be the Cruise Captain for this year's Cruise.

Last year's cruise planned by Scott and Wendy Gesele was such a success, Jean decided to duplicate the cruise this year. Everyone enjoyed the weekdays at the Watch Hill and Sailors Haven Marinas. The Cruise ends up in Hemlock Cove on Friday, preceding the "Boys Of Summer" RV with our Commodore Jeff Fredrick and his family.

The Blast will be held at Vanderbilt's Wharf on the Connetquot River in Great River August 20. The One-Week Bay Cruise starts with a sail to Bellport Sunday Aug 21, then to Watch Hill on Monday and Tuesday Aug 22-23, Sailors Haven Wednesday and Thursday Aug 24-25, and then to Hemlock Cove, Friday Aug 26.

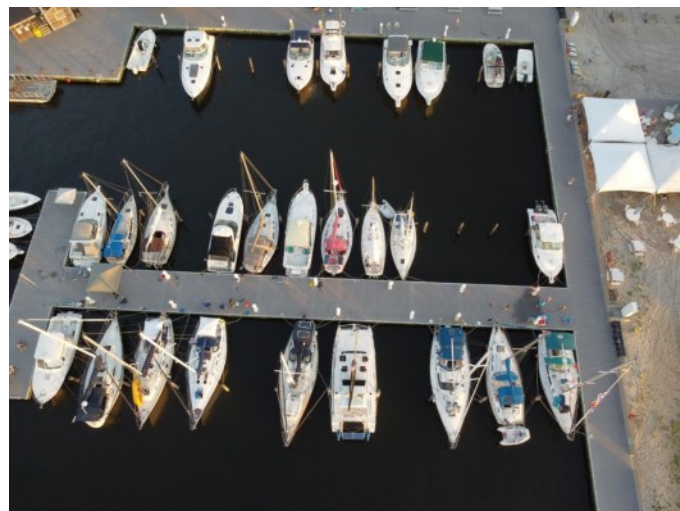

Reservations are to be made on DOCKWA for Watch Hill Aug 22-23 and Sailors Haven, Aug 24-25. Reservations opened March 31st so don't delay. Weekday reservations are normally not a problem, most reserve early for weekend and holiday dates. Sailors Haven is a small marina and space is limited.

Be sure when you reserve to add in the comments section that you're with the SBCC. They will group us together as best as possible. I hope to have a good turn out like last year when we had about 20 boats at Sailors Haven. So come on out, plan ahead to join us, it's sure to be a great time! Jean is presently planning the themes for this year's cruise.

If you're planning to join the cruise this year, please email Jean at Jeansidebottom@yahoo.com.

One Week Bay Cruise

Date	Day	Location	Comments
8/20/22	Saturday	Great River	Blast Party At Vanderbilts Wharf
8/21/22	Sunday	Bellport	Sail To Beautiful Bellport Village
8/22/22	Monday	Watch Hill Marina	Sail To Watch Hill Marina
8/23/22	Tuesday	Watch Hill Marina	
8/24/22	Wednesday	Sailors Haven	Sail To Sailors Haven Marina
8/25/22	Thursday	Sailors Haven	
8/26/22	Friday	Hemlock Cove	Sail To Hemlock Cove

If these photos from Sailors Haven and Watch Hill from last year's One-Week Bay Cruise don't get you pumped-up for this year's cruise, I don't know what will!

FROM THE PROGRAM CHAIRS

Bob Forman/Jeff Mattera

On March 5th, Bob Forman presented to a group of 40, his documentary of the 2015 Transatlantic Race. It was quite interesting and extremely well-produced. Most of us had the same feeling after having watched the film: We'd never want to do it! It was the first event for the Program team, of which Bob is now the Chair, since the start of the pandemic. It was definitely nice to be able to socialize indoors once again. Many thanks go to Jeff Mattera, Pam McCarthy, and Michele Jaeger who prepared for the event and contributed snacks and refreshments.

Join us on Sunday, April 10th at 1:30 at the West Islip Library for Eric Forsyth's presentation on his sailing adventures around the world. Eric has completed two circumnavigations of the globe and transits through the Northwest Passage which only a few people have done.

Eric's journey started in the early 1960s when he first started sailing a small boat on the Great South Bay, similar to most of us in the SBCC. An ocean sailing experience with friends instilled in him the desire to sail offshore on his own boat. His first adventure was on a 35' boat named *Iona* which he sailed to Bermuda and then decided to spend a year sailing to the Caribbean.

While on a business trip to California in 1974, Eric and his wife visited West Sail boats and decided to buy a bare hull which they named *Fiona*. In 1984 after many years of work, he completed the boat and began their sailing adventures around the world. Eric's journey took him to the most remote places in the world, from the Arctic to Antarctic and the most remote islands in the world. Through his 50 years of sailing you can see how the world has changed, especially in the Arctic regions due to climate change. His video contains many scenes of beautiful landscapes, wildlife and sailing in storm conditions far from shore. He also shares his tips on boat preparation and safety at sea based on 50 years of experiences.

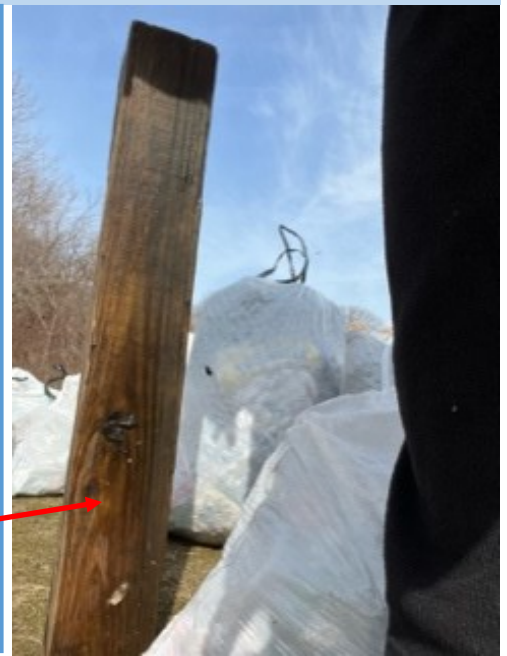

The presentation is a great way to learn from a highly experienced sailor who has navigated the most challenging areas in the world. So please join us on April 10th for a great seminar!

Sea you there!

STGSB - 2ND ANNUAL CREEK DEFENDER**Joe Werkmeister**

**Massapequa Clean-up
3/5/22**

Rich Troy, SBCC Treasurer,
represented SBCC at the
Massapequa cleanup again this
year. He seems to stumble up-
on some unusual finds and this
year was no different!
Thank You, Rich!

3/12 - (Clocks Pond, Sayville) Cancelled due to inclement weather.

3/13 (Amityville) Postponed until April

3/19 (Sumpawams Creek, West Islip) - SBCC member Andy Mirchel was the "Creek Defender" for this event. The Creek Defender title goes to the person running the days event. Charlie Becker also participated but seems too shy to provide a photo! Thank You, Andy and Charlie!

3/27 (Beaverdam Creek, Brookhaven and Patersquash Creek, Mastic Beach) - Sadly, our streak was broken and no SBCC member attended these events.

4/2 (Carl's River, Babylon) -

4/3 (Santapogue Creek, West Babylon and Neguntatogue Creek, Lindenhurst)

4/9 (Penataquit Creek—Bay Shore) 9AM-11AM

4/10 (Bayport 8AM-10AM, Purgatory Creek, Blue Point 9AM-11AM, and Patchogue 10AM-12AM) The Bayport and Patchogue locations have yet to be determined. (You can still do this and go to the party!)

4/16 (Rattlesnake Creek, Oakdale) 9AM-11AM

4/23 (Orowoc Creek, Islip) 9AM-11AM

Unfortunately, the enthusiasm for this year's program has been much less than last year. Please consider donating an hour or two of your time to this worthy cause!

To volunteer, go to this website: [Volunteer \(savethegreatsouthbay.org\)](https://www.savethegreatsouthbay.org)

For info, call 646-827-0733 or [email info@savethegreatsouthbay.org](mailto:info@savethegreatsouthbay.org)

BOAT US SPRING COMMISSIONING CHECKLIST* Todd McCarthy via *Skippertips.com

Below, please find an excellent checklist for preparing for the new boating season. It is procured from the Skippertips.com website that provides excellent content for sailors, for free. I encourage you to visit their website and sign up for the free newsletter. This is rather lengthy, but sure worth reading to help insure a safe boating season with minimal down time

How to have a trouble-free boating season

SPRINGFIELD, Va., March 10, 2022 – Boat Owners Association of The United States ([BoatUS](#)) offers its Spring Commissioning Checklist to help boaters start the season right. The nation's largest advocacy, service and savings group also offers [BoatUS.com/Spring](#), a one-stop-shop for everything you need to know about the yearly ritual of recreational boat commissioning. A PDF copy of the checklist is available to download, print, and take to the boat with you. Be sure to follow all manufacturer recommendations for your specific boat, engine and accessories.

Before You Launch

1. Inspect all around the hose clamps for rust and replace as necessary. Double clamp fuel lines and exhaust hoses with marine-rated stainless steel hose clamps. While not technically required, it's wise to double clamp whenever possible on all hoses — especially those below the waterline.
2. Inspect all hoses for stiffness, rot, leaks and cracking, and replace any that are faulty. Make sure they fit snugly.
3. Inspect prop(s) for dings, pitting and distortion. Make sure cotter pins are secure.
4. Grip the prop (on inboard drive systems) and try moving the shaft up and down and side to side. If it's loose and can be wiggled, the cutless bearing may need to be replaced.
5. Check the rudderstock to ensure it hasn't been bent. Operate the wheel or tiller to ensure the steering works correctly. Check the rudder bearing and steering cable for unusual play or movement.
6. Inspect the hull for blisters, distortions and stress cracks.
7. Make sure your engine intake sea strainer (if equipped) is not cracked or bent from ice and is free of corrosion, clean and properly secured.
8. With inboards, check the engine shaft and rudder stuffing boxes for correct adjustment. A stuffing box should leak no more than two or three drops each minute when the prop shaft is turning. Check the shaft log hose for deterioration and rusty hose clamps.
9. Inspect, lubricate and exercise thru-hull valves. It's a good idea to tie a right-sized wooden bung to the valve in case of failure.
10. Use a garden hose to check for deck leaks at ports and hatches. Renew caulk or gaskets as necessary.
11. Inspect and test the bilge pump and float switch to ensure they're both working properly. Also inspect the pump's hose.
12. Check stove and remote LPG tanks for loose fittings, leaking hoses and properly functioning shutoff systems. Use the pressure gauge to conduct a leak down test to check for system leaks.
13. Inspect dock and anchor lines for chafe and wear.
14. If equipped, ensure that the stern drain plug is installed.
15. After the boat is launched, be sure to check all thru-hulls for leaks.

BOAT US SPRING COMMISSIONING CHECKLIST**Skippertips.com****Engines and Fuel Systems**

1. Inspect fuel lines, including fuel tank fill and vent hoses, for softness, brittleness or cracking. Check all joints for leaks, and make sure all lines are well supported with noncombustible clips or straps with smooth edges.
2. Inspect fuel tanks, fuel pumps and filters for leaks. Ensure portable tanks and lines are completely drained of stale fuel before filling with fresh fuel. Clean or replace fuel filters and/or fuel-water separators if not done before winterization.
3. Every few years, remove and inspect exhaust manifolds and risers for corrosion (for inboard-powered and inboard/outboard boats).
4. Charge battery.
5. Clean and tighten electrical connections, especially both ends of battery cables. Use a wire brush to clean battery terminals, and top off cells with distilled water (if applicable).
6. Inspect the bilge ventilation intake and blower ducting for damage or leaks and run the blower to confirm correct operation.
7. Test engine warnings and alarms.

Engine Outdrives and Outboards

1. Inspect rubber outdrive bellows for cracked, dried and/or deteriorated spots (look especially in the folds) and replace if suspect.
2. Check power steering and power trim oil levels.
3. Replace anodes/zincs that are more than half wasted.
4. Inspect the outer jacket of control cables. Cracks or swelling indicate corrosion and mean that the cable must be replaced.
5. Inspect lower unit oil level and top off as necessary.

Sailboat Rigging

1. Inspect swage fittings for cracks and heavy rust (some discoloration is acceptable). Inspect wire halyards and running backstays for "fishhooks" and rust.
2. Remove tape on turnbuckles and lubricate threads, preferably with Teflon. Replace old tape with fresh tape, and ensure that water is able to freely drain from it.
3. If you suspect the core around a chainplate is damp, remove the chainplate to inspect and make repairs.
4. Inspect masthead sheaves and all blocks to make sure they're running freely.

Trailers

1. Inspect tire treads and sidewalls for cracks or lack of tread and replace as necessary. Check air pressure; don't forget the spare.
2. Inspect wheel bearings and repack as necessary.
3. Test all lights and replace any broken bulbs or lenses.
4. Inspect winch to make sure it's working properly. Inspect hitch chains.
5. Inspect trailer frame and axel(s) for rust. Sand and paint to prevent further deterioration.
6. Inspect brakes and brake fluid reservoir.

BOAT US SPRING COMMISSIONING CHECKLIST**Skippertips.com****Safety**

A [new law that went into effect in 2021](#) requires a vessel operator to use either a helm or outboard lanyard or wireless engine cutoff switch on certain vessels less than 26 feet when traveling on plane or above displacement speed, so be sure your switch is working properly and the lanyard is in serviceable condition. If you use a wireless cutoff switch, ensure batteries in the fobs and wrist worn devices are refreshed.

1. Flares expire after 42 months so check expiration dates.

Inspect fire extinguishers. A [new regulation that goes into effect April 20, 2022](#), requires a 12-year expiration for disposables and has different carriage requirements for older and newer model year vessels.

1. Ensure you have properly sized and wearable life jackets in good condition for each passenger, including kids. Check inflatable life jacket cylinders and dissolvable “pill” bobbins in auto-inflating models.
2. Test smoke, carbon monoxide, fume and bilge alarms.
3. Check running lights for operation and spare bulb inventory.

[Update chartplotter software.](#)

1. Replenish first-aid kit items that may have been used last season or are expired.

Check the operation of VHF radio(s) and that the MMSI number is correctly programmed in. ([BoatUS members can obtain a free MMSI number at BoatUS.com/MMSI.](#))

Get a free vessel safety check from the U.S. Coast Guard Auxiliary or U.S. Power Squadrons. Find out more at [cgaux.org/vsc](#).

For the Dock

1. In addition to checking its entire length for wear or abrasions, check both ends of the shore power cable connections as well as the shore power receptacle on the boat for burns, which indicate the cable and/or boat's shore power inlet or the dock's receptacle must be replaced.

Test ground-fault protection on your boat and private dock, and [know how to prevent Electric Shock Drowning](#).

The Paperwork

1. Make sure your boat registration is up to date – and dinghy if you have one. Don't forget your boat trailer tags

Review your boat insurance policy and update coverage if needed. BoatUS provides [free quotes at BoatUS.com/Insurance](#). Provide a copy to your marina or club.

Ensure your BoatUS membership is in good standing, and check your [TowBoatUS](#) coverage by logging into [BoatUS.com/Account](#), or join at [BoatUS.com/Membership](#).

Download the free BoatUS App ([BoatUS.com/App](#)) to make it easy to summon on-water assistance and speed response times as well to check tide tables, weather, and partner discounts.

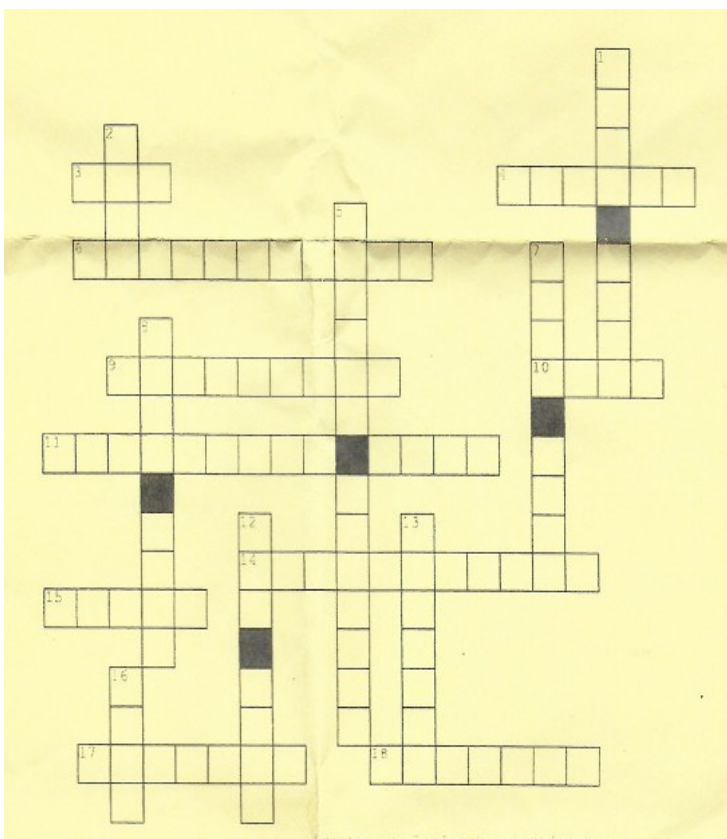

SCUTTLEBUTT

Pam McCarthy, Roger Daisley, Mike Duffy

On March 19th, The South Bay Salty Dogs played a benefit for the re-building of the VFW hall in Glen Cove. The hall was destroyed by a fire 6 months ago. Over 200 people attended this event which raised over \$135,000. All in attendance loved the band, danced to the music and appreciated them donating their time for the VETS! Former Mayor of Glen Cove and current Congressman, Tom Suozzi, was present to formally thank everyone for coming and was thrilled that the Salty Dogs volunteered to play. It was a great day for a much needed cause and The Salty Dogs had a fantastic time!

- Roger Daisley offered this crossword puzzle from the Boca Ciega Yacht Club down in Florida.

Across

3. The small forward sail of boat
4. To come up, changing course towards the wind.
6. The command given to the crew to prepare to tack
9. Wind direction indicators (yarn) attached to rigging or to the sails
10. Heavy vertical fin beneath the boat keeping it upright, preventing sideways slippage through the water
11. The wind is coming across the right side of the boat
14. A boat that is heeling to far because of the amount of wind
15. Nautical hardware that is used to secure a line
17. The wires and lines used to control sails
18. Opposite from windward

Down

1. Command given to the crew just prior to tacking
2. To change direction of a boat by steering the stern through the wind
5. A mechanical system to roll up the jib
7. A line used to secure a boat to the dock
8. To fall off, or head away from the wind
12. Rope running from the bow of the boat to the dock
13. A knot designed to make a loop that will not slip and will be easy to untie
16. A parking area for a boat between two docks

- Mike Duffy developed this community website while living on Long Island.
